

MATLAB toolboxes about quaternions and/or dual quaternions :

Here is a small list on several Matlab toolboxes dealing with quaternions or dual quaternion, with less or other functionalities than our toolbox. We did not investigate other programming languages (python,c++,c,...).

- **Quaternions**

- <http://qtfm.sourceforge.net/>
- <http://www.mathworks.com/matlabcentral/fileexchange/1176-quaternion-toolbox>
- <http://www.mathworks.com/matlabcentral/fileexchange/index?term=tag%3A%22quaternion%22>
-

- **Dual quaternions**

- <http://www.mathworks.com/matlabcentral/fileexchange/27114-toolbox-kinematics>
